

Tony Clitheroe **Coach and Leadership Development Specialist**

Tony Clitheroe brings to his coaching and consulting, over twenty nine years' experience as a manager, consultant and coach. He has experience of working in the areas of coach training, leadership, management, human resources and international development and works with a wide range of organisations large and small in the public, private and not for profit sectors within Australia and internationally. His experience includes being a key faculty member of an International Coaching Federation (ICF) accredited professional coach training organisation and facilitating learning programs for AusAID in the Solomon Islands and Papua New Guinea.

Tony has been consulting and coaching senior executives, managers and groups from a wide range of professional backgrounds since 2003. His experience as a coach, leader and consultant to complex organisations enables him to bring a pragmatic and personal understanding of the issues and challenges faced by managers and leaders working in complex organisations.

Tony has a passion for facilitating and supporting people and organisations undertaking transformation, learning and development that is self-generating and supports living sustainably. He works in ways that brings clarity and focus and supports individuals to build on their own resourcefulness in making transitions, undertaking deep learning and committed practical action. Core principles that underpin his coaching are treating others with deep respect, dignity and compassion, supporting people to express their true creative selves in achieving extraordinary results and undertaking transformative learning.
